AGENDA TOPICS

1. New Business

- Blackfoot Resource Directory
 - Is this something that we want to take on?
 - Things to consider:
 - A basic one sheet directory vs. a comprehensive multi-page packet
 - Best way to gather information?
 - High school or college student project
 - Mayor Carroll will speak with Blackfoot school district superintendent about offering it as a senior project
 - Compiling our resources and contacts
 - Distribution: Paper form as well as Blackfoot City website
 - Maintaining and updating directory annually
 - Publish in both English and Spanish
- The ISU Blackfoot Outreach Center is hiring for a “Technical Records Specialist 1.” The position is based in Pocatello, and the applicant needs to have experience with data management and interpreting data. If you would like to refer someone or need more information, please contact Corey Mereness at 208-282-4133 or email him at merekore@isu.edu.

2. April's Community Resource Council Community Network Meeting:

- The consensus is that the meeting went very well.
 - We had a good turnout of people; lots of mingling and networking
 - Resource table was useful and we will continue to have one
 - Our Speaker, Amy, was great
 - We are considering featuring 2 speakers at the next meeting, featuring two different agencies.

- The lunch buffet was utilized by most of the people and we will continue to offer it.
- Would like to begin the next networking meeting with introductions of all present, asking them to say which agencies they are with and what the agency does or provides. We will continue to use a microphone.
- Our next networking meeting is scheduled for July 17th.
 - At our June meeting, we will discuss the possibility of combining the October networking meeting with the employer's recognition breakfast.
