

CITY OF BLACKFOOT
COMPREHENSIVE PLAN COMMITTEE

Meeting Minutes
157 N Broadway Street, Blackfoot
August 23, 2023

Attending: Peter Stewart, Jack Hough, Jim Shnittgen, and Debbie Barlow

Debbie Barlow called the meeting to order at 7:00 pm

The committee members all introduced themselves and explained a bit why they are interested in helping with the committee.

Debbie Barlow then explained the primary purpose of the committee and what we hope to accomplish. We are hoping to have a better tool to guide development in Blackfoot City in the future.

Peter Stewart asked if we could please have presentations from the Department Superintendents to outline what their concerns and plans are for the future of Blackfoot.

Jack Hough wondered if we are planning to expand the airport. Pete Stewart indicated that there aren't any plans right now although former Mayor Paul Loomis wanted to. The FAA didn't want to expand the airport.

The committee requested the following documents for future meetings:

- Map of city, including zones and the area of impact
- A list of parks and their sizes
- Current census data
- Survey data
- Pending developments that are in the works, but haven't been approved

The committee decided to change their meeting schedule to 6:00-7:30 to better accommodate library staff.

The meeting adjourned at 7:30 pm
